REFLECTION AND OUTLOOK

Well, what a big year 2023 was! In addition to our massive ASB Awareness Week campaign, which saw our key messaging reach millions of people across the country, we also had the launch of the new ASB Action Plan, changes to the Victims and Prisoners Bill, a new Criminal Justice Bill, the All Party Parliamentary Group on ASB's first report, our Patron, Baroness Newlove, re-appointed as Victims' Commissioner for England and Wales and so much more!

As fruitful as 2023 was, we already know that 2024 promises to bring even more progress as we continue to work tirelessly to make communities safer across the UK.

We are particularly excited for this year at Resolve because of a host of new benefits we are packing into your membership. Resolve is a 100% member-led organisation and we have listened to all of your feedback from our Annual Survey and other consultations. There's more information on this overleaf.

In addition to this, our influence as a collective has never been bigger and it's safe to say that our voice is well and truly being heard by policy makers and parliamentarians. As such, I'd like to take this chance to thank you sincerely for continuing to be a part of Resolve and the national conversation. Here's to another fantastic year together.

MEMBER BENEFITS

BEING HEARD BY GOVERNMENT AS PART OF A **RESPECTED COLLECTIVE**

Resolve is the UK Government's go-to organisation when considering new community safety / ASB legislation. We represent thousands of practitioners and over 200 organisations, who serve communities across the country and over 3 million tenancies.

We sit on a number of influential advisory boards and working groups, such as the ASB Taskforce chaired by the Secretary of State for DLUHC and the Home Secretary, the Home Office Strategic ASB Board, the All Party Parliamentary Group on ASB and more, in addition to our own National Policy Advisory Group.

We regularly run consultations and ask members for their views on proposed legislative changes and feed this back into our colleagues in Government and the Civil Service.

Being a member of Resolve gives you a voice and allows you to have input and shape national policy.
